

TransPergMicro annual meeting

Program - FU Berlin, 6 + 7 Feb. 2026

Transformation
of the
PERGAMON
Micro-Region

Freie Universität Berlin, Engler Villa, Altensteinstraße 2–4, 14195 Berlin

Friday, Feb 6 Introduction | Plenary session | Poster presentations – resources

- 09:00 Fabian Becker | Brigitta Schütt: Welcome and outline of the workshop
- Plenary session** – talks and discussions
- 09:15 Daniel Hinz: *Procedural 3D Modelling Workflows* [preliminary title]
- 10:00 Felix Pirson: *Another Attempt to Calculate Pergamon's Population*
- 10:45 Coffee break
- 11:15 Fabian Becker | Robert Busch | Bernhard Ludwig: *Pergamon Point patterns, potentials and the potentials of predictive modelling (Preliminary Perspectives)*
- 12:00 Minutes of Madness: 1-minute advertisements of the posters
- 12:30 Lunch break
- 13:30 **Posterpresentations**
 Fabian Becker | Luise Fiedler: *Thoughts, hypothesis and potential approaches on the extraction of granite in the Kozak mountains*
 Ida Rewicki: *The Price of Change – A Comparison of the Building Materials of Pergamon's Palaestra and the Relative Cost of Their Procurement*
 Joris Starke | Subham Mukherjee: *Rurban River Resources*
 Robert Busch | Anneke Keweloh-Kaletta: *Ceramic production landscape(s) of Pergamon*
 Ursula Quatember | Bernhard Ludwig | Felix Pirson: *Perperene in Context – Exploring Building Practices and Local Resources in a Rural Polis of the Pergamon Micro-Region*
 Wolf-Rüdiger Teegen: *Zu den Gesundheitsbelastungen der in den Sand-, Lehm- und Tongruben arbeitenden Menschen – ein theoretischer Beitrag*
 Yannic Grohmann: *Of earth, stone and wood. Analyzing material demands of terrace construction in Pergamon*
 Yorick Zimmerer: *Traces of wooden constructions of the so called Gurnellia – Substructions on the southwestern slope of the city hill of Pergamon*
- 17:00 Roundtable
- 18:30 Dinner

Saturday, Feb 7 Workshop – Wood as a building material and energy source

- 10:00 Activation phase
- 10:20 Introduction to the subproject / Short recap
- Breakout sessions**
- 10:30 | 11:00 Session 1 & 2
- 11:30 Coffee break
- 11:45 | 12:15 Session 3 & 4
- 12:45 Summary of the results and plenary discussion
- 14:00 Güle Güle
- One breakout session to each of the working packages in Subproject 9. Documentation on posters. Participants rotate between sessions after 30 min.
- Aim: Development of a Work-Breakdown-Structure
- WP 14.1: Development of a model for quantification
 WP 14.2: Quantification of building activities and scaling
 WP 14.3: Demography and wood requirements for non-building activities
 WP 14.4: Change of woodland due to wood requirements

Recommendation: DHM Exhibition "Natur und deutsche Geschichte. Glaube – Biologie – Macht"
